Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.

Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In our opinion, the financial statements referred to above present fairly, in all material aspects, the assets, liabilities and net assets – cash basis of Walker Lakeshores Landowners Association as of December 31, 2016, and its revenues collected, expenses paid and change in net assets for the year then ended in accordance with the cash basis of accounting as described in Note 1.

### **Basis of Accounting**

The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

**WALKER LAKESHORES LANDOWNERS ASSOCIATION  
NOTES TO FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2016**

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

**Nature of Business**

The Association is a Pennsylvania nonprofit association formed to represent property owners in the Walker Lakeshores Landowners Association. Walker Lakeshores consists of approximately 350 properties located in Shohola, Pike County, Pennsylvania.

**Basis of Accounting**

The Association's financial statements are presented on the cash basis of accounting. The cash basis of accounting, recognizes revenues when received rather than when earned and expenditures when paid rather than when the liability incurred. As a result of the use of cash basis of accounting, certain assets and their related revenues (such as accounts receivable and revenue for billed or provided services not yet collected) and certain liabilities and their related expenses (such as accounts payable and expenses for goods or services received but not yet paid, and accrued expenses and liabilities) are not recorded in these financial statements. This basis is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

**Taxable Income**

A Homeowners' Association can elect each year to be taxed under regulations pertaining to Homeowners' Associations under Internal Revenue Code Section 528 or under Internal Revenue Code Section 277. Under Homeowners' Association tax regulations, net nonexempt function income is taxed at a flat rate of 30%. Under Internal Revenue Code Section 277, the Association must allocate its income and expenses between membership and non-membership activities. By electing to carry any excess membership income over expenses to the following year's assessments, to replacement funds or to refund the excess, only its net non-membership income is taxed at a regular tax rate. The Association has elected to file annually under Code Section 528.

The Association's tax filings are subject to audit by various taxing authorities. The Association's federal income tax returns for 2013, 2014 and 2015 are also open to examination. In evaluating the Association's tax provisions and accruals, the Association believes that its estimates are appropriate based on current facts and circumstances.

**Concentration of Credit Risk**

Substantially all of the Association's income is derived from property owners in Walker Lakeshores. The Association has the right to place a lien on the property of any owner who defaults in payment of fees and assessments.
