

## PROGRAM COMMITTEE REPORT – August 2024

Valerie Mitchell, Program Chair

**Sip and Paint** – took place on Saturday, July 27<sup>th</sup> at 7:00 PM attendance was 12 people. Maryann Muschlitz ran this event and may do another session in August, details to be determined.

**Potluck Dinner** returns September 21<sup>st</sup> with an Italian theme to spark interest.

Will also do October as an Oktoberfest on October 21<sup>st</sup> (both are the same night as the Board meetings are held), encouraging people to bring something that relates to this theme. November and December dates TBD with Thanksgiving and Holiday party as our focus for those events.

**Yoga** – finishing up the last few scheduled summer outdoor classes. Newsletter will list my email for anyone wanting to continue this into the fall (using the clubhouse as available) so will advise if there is interest.

**Pickleball** has been going well all summer, getting a few new people showing up. We will continue with this until weather in fall dictates the end of the season. Would like to know how to fund resurfacing of existing court to allow for 2-3 pickleball courts (using movable nets) so more people can play at the same time.

Want to start a **Book Club**, is it possible to use the Clubhouse on a weeknight every month to 6 weeks?
