

Clubhouse Report for April 2024

A total of 6 volunteers were present for repairs and updates to our clubhouse.

We completed the following tasks.

Repaired 8 windows, replaced the tilt window locks that were broken.

Spent the morning trying to match circuit breakers to different areas in the 2 buildings.

We need to continue I,D. of the remainder of our circuits.

Need to place new labels on some of the circuit breakers.

Continued changing our old lights to L E D lights.

Tried to install the garden fence at the club house and office but the posts that were removed could not be found.

If anyone knows where they went advise the office!

Wiley Associates Engineering firm that we use for the dam inspections , also handles ADA I will be setting a time and date for someone to visit.

We will be scheduling another Saturday work is scheduled on June 1st.
